HEALTH SECURITY AND QUALITY OF PRODUCTS AND COMMODITIES POLICY

A primary objective of Przedsiębiorstwo Przemysłu Ziemniaczanego SA in Niechlów is to satisfy the needs and expectations of our customers, as well as maintain and entrench our market leader position. To reach these goals, we constantly improve the Integrated Quality Management System in compliance with ISO 9001, ISO 22000, the HACCP, the Good Manufacturing Process/ Good Hygienic Practices, the FSA GMP+B2 with regard to binding laws and abiding by the practices of constant quality improvement including health security of products (food, feed), and commodities..

We manage to accomplish the policy on health security and quality of products and commodities by:

- * reaching the goals for health security and quality of products and commodities;
- * ensuring proper internal and external communication (with the food and feed chain participants) within the scope of health quality and security of products and commodities;
- * cooperating with such suppliers who guarantee high quality and health security of raw materials and commodities;
- * polite and reliable customer service;
- * constant improvement in the quality of goods and by taking care of their security;
- * the actions aiming at minimizing the threats to health security of products and commodities;
- * launching new products and commodities;
- * all staff's systematic qualifications raising;
- * constant development of pro-quality attitudes and a sense of responsibility of each staff member towards the products and commodities quality and security.
